Author Note

Abstract

One or two sentences providing a **basic introduction** to the field, comprehensible to a scientist in any discipline.

Keywords: keywords

Word count: X

R Package Development: Implementation of Sequential Probability Ratio Tests Using the Associated t-Statistic

Methods

We report how we determined our sample size, all data exclusions (if any), all manipulations, and all measures in the study. Wald (1945)

Participants

Material

Procedure

Data analysis

We used R [Version 4.0.4; R Core Team (2021)] and the R-package *papaja* [Version 0.1.0.9997; Aust and Barth (2020)] for all our analyses.@waldja2011
